We have been successfully developed cosmetics products line that is being used by many hospitals for pre and post-natal treatments, post plastic surgeries and dermatology treatment, as well as industries need in Korea such as Samsung, Hyundai, LG group and Japan for their workers skin treatments.

Our Mission

Be the best cosmetics company who only use the best natural and healthy ingredients available at the most affordable cost to all levels of life.

Our Group History

1984 – 1996 Over Than Decade from Starting to Transition Years

Started with a humble beginning, we firstly specialized in computer and software dealership. As one of the first IBM distributor and Global ERP and Property Management System in Indonesia making us as to have complete experiences as a Computer & Communications line of business both in hardware and software distributorship that in the future become our solid foundation to become the best integrated player in ICT or digital technology industry completed with licensing as The First Internet Service Provider (ISP) and Network Access Provider (NAP) and the first international data center in Indonesia as a vocal player in the telco infrastructure industry that provide invaluable benefit to our stakeholders and our customers for the hospitality industry proves invaluable to both our customers and stakeholders as the group branches to other areas of expertise.

2002 – Now - Growth Years to Digitizing Indonesia

We grew our business and started focusing on other aspects of the business such as GPS asset tracking, system integrator, software consultant, and more. During this time, we also build and operate a voice and data network infrastructure in Indonesia.

We further diversified our business into bio-technology & natural resources. Our core business have doubled down that has become our mission: to help digitize Indonesia from the SMEs, enterprise, and government agencies. Our tech business ranges in different industries such as fintech, SaaS, logistic tech, Edu-tech, and more.

MAHA PP CREAM

FACE

When you protect your skin

From skin hazard in your daily life with natural skin barriers.

The Therapyum R&D Center is continuing its research today to protect skin health from skin hazards such as stress, weather, and fine dust.

1. Natural skin barrier completely blocks external harmful substances.
2. It strengthens the moisture in the skin.
3. Production of breathing skin barriers.
4. Strengthen skin barriers to inhibit skin aging.
5. Absorption of moisture in the air and activation of natural moisture production.

✚ Finish of basic makeup

It creates protective barrier to sensitive skin to block and calm skin troubles caused by color makeup and sunscreen.

✚ Mask trouble

The natural protective film protects the skin from external irritation caused by wearing a mask for a long time.

✚ Blocking of harmful substances

It blocks fine dust and most chemicals and protects the skin from harmful substances that sick house syndrome and allergises reaction.

*Except chemicals that react with water such as sulfuric acid

✚ Skin protection

The protective film combined with skin protein absorbs moisture in the atmosphere and moisturizes the skin. It has better wetting ability than glycerine.

✚ Skin calming & regeneration

Beyond repairing damaged cells and protecting skin barriers, it restores skin health.

MAHA PP CLEANSER

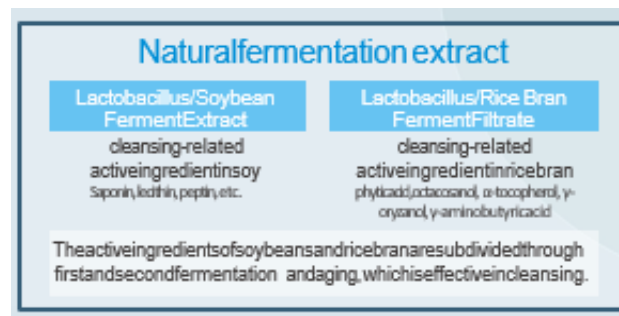

ALL IN ONE

Skin barrier Functional cosmetics

With a fermented cleanser and natural surfactant,
the skin barrier is protected and the skin is cleaned neatly.

100% natural surfactant ingredient

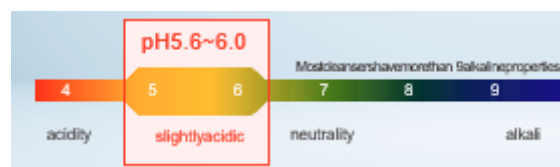

It doesn't irritate your skin and it's so gentle!

- ✚ What if your skin is irritated by various external stimuli?
- ✚ If you need a hypo allergenic cleanser?
- ✚ If you want to do whitening and cleansing at once?

It shows a strong cleansing power that gently organizes thick makeup using fermented ingredients derived from nature, and at the same time, it does not hurt the skin by not adding any chemical surfactants that are harmful to the skin.

The acidity of healthy skin is less acid, so the cleanser must be slightly acidic. Therapyum's own fermented ingredient gently removes waste from the skin and gives the skin sufficient moisture.
